## Introducing Houston EB5's Corporate Brochure.

Our 10th anniversary receives the recognition it deserves.

As the saying goes, the days are long but the years are short. Time flies when you're working hard building dreams! In many ways, we don't invest in projects but rather the people who make them possible. After a decade of service to our clients, we believed it was important to highlight our stellar track record and recognize those people behind the scenes. After all, they are responsible for making Houston EB5 what it is today.

That's why for our 10th anniversary, we are excited to announce the creation of our new corporate brochure. This in-depth piece highlights our founder's immigration story, celebrates our numerous successes, and gives an inside take on what makes Houston EB5 such a highly respected, award-winning regional center. Please have a look – we hope you enjoy flipping through! [View brochure >](#)

“Your family obtaining U.S. citizenship is more than just a powerful dream - it is the most fulfilling part of what we do. I did it myself through an EB-5 investment and am now helping others safely and legally follow the same path.”

- Roberto Contreras Sr.

## Project News

The wait is over - Thompson San Antonio opens with a splash

After years of development, the boutique hotel Thompson San Antonio is now open for business! The successful grand opening was held outside on March 4th, 2021 with the executive leadership team at Houston EB5 present. Speaking at the ribbon-cutting ceremony were Emilio Guzmán and Acho Azuiké, who were both humbled and honored to see the monumental undertaking come to fruition.

As part of the Hyatt chain, this 162-room hotel in San Antonio's booming arts district on the famed River Walk has created over 100 ongoing jobs for hard-working Americans in the local community. It's our hope that the numerous investors in the project feel as much pride as we do in this historic achievement. [Browse the photo gallery >](#)
